FOREWORD

For years it has been the custom of the annual staff to picture the front of the old school building, but it is the belief of the staff this year that people and action make cherished memories.

It is with the hope that T.B.H.S. will be housed in a new school building next year. "The 1972 Tomcat" wishes to preserve the memories of the OLD with great anticipation of the new.

It is the hope of the annual staff that you find the contents of the book a source of enjoyment through the years.
